HOPE FOUNDATION FOR
CHILDREN WITH CANCER

HOPE FOUNDATION FOR CHILDREN WITH CANCER

The Hope Foundation for Children with Cancer (KAÇUV) was established in 2000 by the families and physicians of children undergoing cancer treatment. The Foundation's primary focus is to provide comprehensive services to improve the quality of life for children in pediatric hematology and oncology wards, as well as those staying in Family Houses with their families during treatment. KAÇUV also offers scholarships to students at different educational levels who have undergone or completed cancer treatment and require financial support to continue their education in Türkiye.

VISION:

KAÇUV is committed to contributing to the advancement of healthcare capacity in Türkiye, creating the necessary physical and medical conditions for the treatment of children with cancer of all ages, and addressing their psychological and social needs.

MISSION:

- To meet the physical and medical needs of children undergoing cancer treatment, with the aim of enhancing their quality of life and that of their families.
- To conduct psychological and social activities that support the treatment process of children with cancer.
- To ensure that children have access to education and are not deprived of their right to education during treatment.
- To provide training to parents, raising their awareness and knowledge about childhood cancer.
- To foster family cohesion through the provision of support in Family Houses.
- To motivate healthcare professionals who play a vital role in the treatment process.
- To raise public awareness about childhood cancer and promote healthy activities to improve public health.

OUR VALUES

**Being
Child-oriented**

**Providing
Integrated Service**

**Embracing
Volunteer Work**

**Open to
Cooperation**

**Maintaining
Transparency and
Accountability**

MESSAGE FROM THE PRESIDENT

Dear Trustees and Friends of KAÇUV,
Since 2000, with the contributions of our valuable supporters, volunteers, the Foundation's Board of Directors and our colleagues, we have continued to work to ensure that thousands of children are given hope throughout their treatment under better conditions. The impact of the pandemic has now been left behind to be replaced by days where we can come together in good health and share the joy of being with our children and families. Today, our primary goal is to ensure that children undergoing cancer treatment can continue their treatment in appropriate healthcare facilities for children, and to meet their psychological and social needs. Our story began in the İstanbul University Cerrahpaşa Pediatric Hematology-Oncology Unit, and has now reached all four corners of Türkiye. Some 22 years ago we set out with a dream of providing support to children and their families, and today we are continuing to develop our activities in our Family Houses and hospitals with the sincere belief that the

Hope Foundation for Children with Cancer can create a brighter future through its projects.

I believe that we will achieve great success in 2022 through the strategic projects we are undertaking, contributing both to the development of the Foundation and the implementation of the findings. On behalf of all the children and their families who can now look to the future in good health through the social benefits we provide, I would like to thank all our supporters for the value they bring to the Foundation through their contributions to awareness-raising activities. Furthermore, on behalf of our Board of Directors, I would like to congratulate our Volunteers, the KAÇUV management team and all of our colleagues who support their belief that "Wherever There is Life, There is Hope" for their successful contributions in 2022.

Prof. Dr. İnci Yıldız

Chairman of the Board of Directors of Hope Foundation for Children with Cancer

MESSAGE FROM THE GENERAL MANAGER

Dear Friends of KAÇUV,
After assuming my duties in 2022, I am thrilled to express my gratitude for being a part of this incredible family. For 22 years, KAÇUV has dedicated its efforts to supporting the psychological and social needs of children undergoing cancer treatment. As we shape the strategies that will carry KAÇUV into the future, we are fueled by unwavering enthusiasm and strength as a team, striving to expand our support for more children and families.

In 2022, our Foundation reached numerous children and families from various provinces across Türkiye, building upon the foundation laid in 2000 at İstanbul Cerrahpaşa Medical Faculty. We extended our reach to encompass 30 hospitals and 30 Pediatric Hematology Oncology units in 16 provinces throughout Türkiye. While the first half of 2022 was focused on mitigating the ongoing impacts of the pandemic and ensuring good health, the second half ushered in a period where we could gather more frequently for face-to-face events and meetings. Coming together

after the long hiatus uplifted the spirits and motivation of both the children and families we support, as well as our dedicated volunteers. Thematic activities and workshops, aimed at supporting children and families residing in our Family Houses and hospitals, were resumed with the assistance of our volunteers. We were able to continue our work benefiting children with cancer, including renovations of hospital wards, provision of medical supplies, and the opening of playrooms.

In many hospitals across Türkiye, we provided support to 5,270 children and their families undergoing cancer treatment or who had completed treatment, through the provision of food, hygiene materials, and activity sets (Boxes of Hope, Welcome Gifts, Activity Sets). We celebrated the birthdays of 1,108 children in 69 provinces and delivered 5,569 gifts to 1,967 different children undergoing treatment in 30 hospitals across 16 provinces, marking special occasions such as April 23 Children's Day, New Year, and Eid al-Adha.

These achievements were made possible with the generous support of our corporate and individual donors.

March marked the 20th anniversary of our Cerrahpaşa Family House, which was established in 2012 through the generosity of our donors. Meanwhile, our Pendik Family House continued to warmly welcome new guests. Through the dedicated work of our psychologists and volunteers, we provided extensive psycho-social support to aid in the recovery of children. This allowed for meaningful face-to-face interactions during child and adult meetings held in the Family Houses.

Throughout the year, we organized Foundation and Open Office Meetings with our volunteers, resulting in an active volunteer base of 1,168 individuals. Together, we form a family of 6,214 people working across 65 provinces in Türkiye. We conducted training programs for healthcare professionals working in Pediatric Oncology and Hematology departments. These programs covered topics such as psycho-oncology, effective communication with children and families facing cancer, palliative care, coping with death, illness perceptions of children and families, and burnout prevention among healthcare professionals. Additionally, we prepared psycho-social themed videos on self-care for caregivers, which were digitally disseminated to families and children. Our expert psychologists at the Foundation continued to provide invaluable psychological support to children and their families throughout the year, both in the Family Houses and hospitals. In 2022, our focus was also on enhancing our fundraising activities. Through our 1,250 Ambassadors of Hope, we engaged with 12,250 supporters and organized charity sports activities that supported 1,978 families

throughout the year. The Shop of Hope became a preferred destination for joyful moments, while our corporate collaborations led to the creation of new “Hope” packages.

The fourth edition of “Education is My Hope” enabled us to support the education of children from 53 provinces in Türkiye, across different age groups and treatment stages. This year, we provided scholarships to 305 recipients and offered internship opportunities in various positions to support the career development of our university student scholarship recipients.

As we bid farewell to another year, we conclude 2022 with a sense of hope, thanks to the efforts of our donors and corporate supporters. With smiles on our faces, we continue to look forward to the future. In 2023, we will persist in standing by the side of children and their families, expanding our activities in hospitals, Family Houses, and throughout Türkiye, while also exploring new avenues of service. Our volunteers, supporters, partner organizations, the Board of Directors, and our colleagues at the Foundation remain dedicated, working tirelessly to contribute to the endeavors of KAÇUV. On behalf of the Board of Directors, I express boundless gratitude to all our friends who have placed their trust in us and continue to stand with us.

I am overjoyed to be united with all of you

FAMILY HOUSES

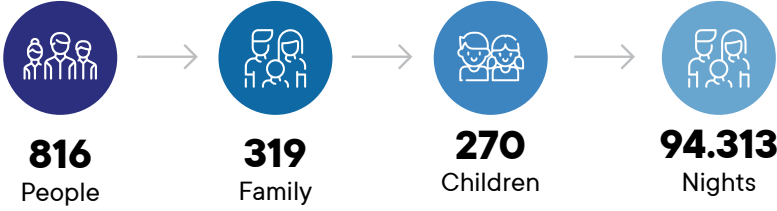

FAMILY HOUSES

In our Family Houses, where we provide free accommodation, food, clothing, and psychological and psychosocial support services to children and their families during their treatment, we also organize online and face-to-face training, entertainment workshops, online fairy tale workshops, board games, special day celebrations and artistic activities with the support of our volunteers. We also work with our expert psychologists throughout the year to raise awareness and to minimize the negative emotions experienced during treatment.

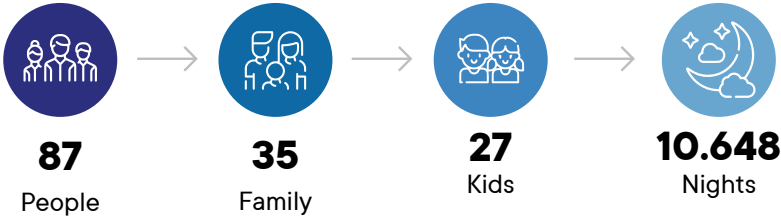

We organize psychoeducation sessions, thematic events and celebrations for parents in different subjects, and continue to provide social service support, taking into account the individual needs of families. Children and their families who come to İstanbul from elsewhere in Türkiye for treatment are accommodated at the Cerrahpaşa 1st Family House and the Pendik 2nd Family House, where we took the necessary precautions to protect the children from the risk of infection during the pandemic by informing the families of the risks.

Highlights from Family Houses Activities

- ▼ As part of Zorlu Holding Corporate Volunteering program, we organized an online fairy tale workshop with the Kivilcılar Movement.
- ▼ We organized online birthday and other special day celebrations with the support of FIBA Volunteers.
- ▼ On March 8 International Women's Day, and on Mother's Day and Father's Day, we delivered gifts to families with the support of our corporate sponsors.
- ▼ In our Family Houses, we celebrated the birthdays of the children and parents every month with Foundation resources and institutional support.
- ▼ We organized painting and music workshops, celebrated special weeks and screened movies for the children and their parents.
- ▼ During the psychoeducation sessions organized for families hosted by the Foundation's expert psychologists, we held seminars on "The importance of therapy, body movement workshop and setting limits for children".
- ▼ Thematic activities were organized in the Family Houses, including tree decorating for seasonal celebrations, painting and embossing activities, and workshops aimed at improving children's motor skills.
- ▼ Programs such as school graduation events and an 80s and 90s party, which were attended by the children and parents staying at the Family Houses, continued throughout the year.

FIELD ACTIVITIES

FIELD ACTIVITIES

In 2022, we made significant progress in delivering support to children and their families across 64 provinces in Türkiye, thanks to the generous contributions from our individual and corporate donors. Our assistance extended to children, their families, and healthcare professionals in 30 pediatric hematology and oncology wards located in 16 provinces, which collectively offered 731 beds.

By the end of December 2022, we actively provided support to 1,188 children aged 0-18 years and their families from 69 provinces. This marked a remarkable 98.84% increase in the number of supported children, rising from 1,466 children to 2,917.

We also focused on enhancing the psychological support we offer, with our expert psychologists providing assistance both through face-to-face sessions and online platforms. In addition to children and families, we extended psychological support to healthcare workers, scholarship recipients, and volunteers who were all bravely facing the challenges imposed by the pandemic.

Furthermore, as the coordinating institution of the “Play is My Medicine” project, we continued conducting activities in the field. Through this initiative, we reached out to children residing in our Family Houses and hospitals, offering support and engagement with the valuable assistance of volunteers.

Education-Focused Studies

Education is My Hope Scholarship Program

Within the scope of the Education is My Hope Scholarship Program, we continued to cover the one-year education expenses of children belonging to various age groups. This support was provided to those currently undergoing or having completed treatment, ensuring their educational needs are met and fostering their motivation. We also focused on supporting our children socially and academically through various online activities.

In the 2022-2023 academic year, the number of scholarship holders increased to 305, distributed across 53 different cities.

9 preschool students who receive scholarship support at the beginning and middle of the academic year.

91 primary school students who receive scholarship support at the beginning and middle of the academic year.

11 8th-grade students who receive monthly scholarship support between September and June for their high school entrance exam preparations.

42 high school students who receive scholarship support at the beginning and middle of the academic year.

9 12th-grade students who receive monthly scholarship support between September and June for their university entrance exam preparations.

143 university students who receive monthly scholarship support between October and June.

Education is My Hope Scholarship Events

- ▶ A group of 23 university scholars participated in the Climate Literacy training program organized by the Roots and Shoots Association.
- ▶ We continued the Stories of Hope series with the employees of Mercedes Benz - Financial Services, where scholarship recipients shared their inspiring stories with the employees.
- ▶ Mentoring meetings were organized for our university scholars in collaboration with Zorlu Holding employees. Throughout the year, 33 scholarship holders were paired with organization employees and received training.
- ▶ An end-of-year event for our university scholarship holders was organized online, with the support of the Social Music Team.

Throughout the year, we organized workshops, open offices, training sessions, and book-reading events to bring together our scholarship holders. Our young scholars received mentoring and human resources training, while our preschool and primary school scholarship recipients had fun participating in fairy tale events, workshops, and coding programs.

Social Service Supports

Hopeful Boxes

In order to reduce the socio-economic problems of the family during the treatment process and to enable them to focus on the medical treatment process, we continued to expand and continue our in-kind support with our Hopeful Box project. We delivered our Hopeful Boxes to families with basic needs and to families with economic constraints, to families who receive inpatient treatment in public and university hospitals in different provinces of Turkey and who spend the process at home with outpatient treatment. While our Hopeful Boxes project was supported by Charity and Sports Activities, thousands of our Hope Ambassadors became partners in hope.

Hopeful Box, consisting of **2221** pieces of food, **2049** pieces of cleaning, personal hygiene products and **1000** pieces of activity sets, supports our children who receive inpatient treatment in pediatric hematology and oncology services in **30** public and university hospitals in **16** provinces in Turkey, and whose outpatient treatment and controls continue in **69** provinces. we delivered.

In addition to our regular Hopeful Box support, masks, cloths, books and foundation publications were delivered to families in different provinces.

Welcome Gifts

Through the Welcome Gifts Project, which was initiated in 2017, we aim to provide newly diagnosed children who are hospitalized with items that can assist them during their extended treatment stays. Throughout the year, we distributed packages to 944 newly diagnosed children in Türkiye, containing essential items such as bags, buffs, blankets, wrist pads, and stationery bags that they can utilize throughout their treatment journey.

School Kit

In the 2022-2023 academic year, we prepared and distributed school bags and stationery sets to 17 economically disadvantaged children across different age groups. Additionally, we provided educational materials tailored to the needs of 178 scholarship holders supported by the Foundation.

P-shirt

The P-shirt is a specially designed garment for children undergoing treatment, allowing them to receive medication through a catheter or port without needing to remove their clothes. Through our collaboration, we continue to address the unique needs of children during treatment. Since 2021, we have sent 1,017 P-shirts to various provinces and hospitals in Türkiye with the support of our donors.

2022 P-shirt Supporters

- İstanbul Anatolian Side Federation of Lions Clubs
- Oncowear

Hopeful Drawing Notebook

The Hopeful Drawing Notebook, created by Pikan Agency for 7-8-year-old children undergoing treatment, was distributed to 455 children in 42 provinces. This notebook serves as a therapeutic tool, allowing children to express their emotions through drawing during their treatment journey. Believing in the power of children's imagination, we provided these notebooks along with crayons, enabling children to bring their drawings to life and gain strength through hope.

Psycho-social Studies

Birthday Celebrations

With the assistance of the Foundation's resources and corporate donors, we organize monthly birthday celebrations in our Family Houses and deliver birthday gifts to each registered child. This initiative has benefited 1,108 children in 69 provinces. Starting from September, in collaboration with FLO, the sponsor of our birthday gift campaign, we also provided shoes to children.

Special Day Celebrations

We commemorate important occasions such as April 23rd National Sovereignty and Children's Day, Eid al-Adha, Eid al-Fitr, and New Year by delivering gifts to children. Thanks to the support of our corporate and individual donors, we sent 5,569 gifts to 1,967 children who were either undergoing treatment or had completed their treatment in 30 hospitals across 16 provinces in Türkiye.

“

Children registered with KAÇUV receive psycho-social-oriented social service support at least four times a year.

Thematic Events

With the valuable support of our volunteers, we organize various activities aimed at enhancing the cognitive, social, and emotional skills of children. These activities include fairy tale reading sessions, the Astronaut workshop, graduation and April 23rd Children's Day events, as well as painting and sculpting workshops.

Psychological Support

Psycho-oncology Studies

In 2022, we expanded our reach to various provinces in Türkiye, including Hakkari, İstanbul, İzmir, Kayseri, Kocaeli, Manisa, Mersin, Muğla, and Van, in order to provide psychological support to families. We conducted a total of 886 individual therapy sessions, with 287 children and 599 parents from 17 provinces.

The therapy sessions addressed a range of psychological issues related to the treatment process, such as the psychological effects of physical side effects, fear of medical procedures, grief and denial, the impact of isolation, feelings of longing, fear of loss, changing family dynamics, and the emotions and anxieties encountered during treatment. We also provided guidance on coping methods.

In addition, we conducted 113 individual therapy sessions with Foundation scholarship holders and provided psychoeducation to families on various topics including nutrition, cancer prevention studies, experiences during the treatment process, managing difficult emotions, the effects of psychotherapy, body movement workshops, and setting limits for children.

To support the well-being of our volunteers, we organized 14 individual therapy sessions focusing on pandemic psychology, sustainability, and psychological exhaustion. We also conducted eight open office meetings for new and existing volunteers, along with motivational activities to strengthen their dedication.

Furthermore, we provided 18 individual therapy sessions for healthcare professionals, addressing topics such as grief and loss, pandemic burnout, and psychological first aid. We also delivered 17 presentations and training sessions on Pediatric Psycho-oncology studies conducted by KAÇUV.

Some of the events and activities organized in the field of psycho-oncology studies include

- ▼ Three psychoeducation sessions for parents, along with a live broadcast on Instagram. A seminar on “Nutrition and Preventive Studies in Cancer” by Pediatrician Fırat Erdoğan from Green Crescent for parents hosted in Family Houses.
- ▼ An Instagram live broadcast on “Nutrition in Childhood Cancers” featuring Associate Professor Dr. Fatih Erbey from Koç University Hematology Oncology Unit and Author and Infant-Child Nutrition Consultant Sibel Güngör.
- ▼ Psychoeducation sessions on “Treatment process experiences and difficult emotions.” Five presentations and workshops on “Pediatric Psycho-oncology Studies and Cancer” to raise awareness about the cancer journey.
- ▼ Participation in the “Agende Legend EG5” meeting organized by Acıbadem University Gene Research in Cancer Unit, where a presentation was given about our psycho-oncology studies and other projects carried out in 2021.
- ▼ Training on communication with children with cancer and their families, palliative care, death, and the perception of the disease among children and their families for health personnel at Akdeniz University Hospital Pediatric Hematology-Oncology Unit and İstanbul University Cerrahpaşa Faculty of Medicine Pediatric Hematology-Oncology Unit.
- ▼ Clinical Psychologist Serap Altekin provided supervision support in seven sessions to KAÇUV psychologists.
- ▼ The launch of the “My Hospital Cards” project by Clinical Psychologist Medya Güner Uygun to help children adapt to their treatment process and benefit families and healthcare professionals.

Groups to which we provided presentations and interviews in the field of psycho-oncology studies include

- ▶ Beykent Psychology Club,
- ▶ Ege University Social Responsibility Unit Students,
- ▶ METU Productivity Community Students,
- ▶ Marmara University Students, Children and Youth Biennial,
- ▶ Maltepe University Department of Clinical Psychology,
- ▶ Akdeniz University Hospital Pediatric Hematology-Oncology Unit,
- ▶ İstanbul University Cerrahpaşa Medical Faculty Pediatric Hematology-Oncology Unit.

Capacity-Building Projects

Support for Health Workers

To support the professional development of healthcare professionals, we provided full congress-education scholarship support to seven nurses for the Pediatric Oncology Nursing Course and Oncology Nursing Congresses, covering all registration, accommodation, and transportation expenses.

Additionally, on Nurses' Day, we sent 550 gifts to 19 hospitals in 11 provinces to boost the motivation of healthcare professionals.

Hospital Support Activities:

Throughout the year, we continued to meet various needs of numerous hospitals. This included providing consumable materials to 30 hospitals in 16 provinces, such as İstanbul, İzmir, Bursa, Zonguldak, Van, and Diyarbakır. We also renovated and decorated hospital wards to create child-friendly spaces.

- Construction of Nehir's Playroom in Akdeniz University Hospital Ward using donations collected during the Nehir's Steps event. The playroom was inaugurated with the participation of board members, the general manager, and employees.
- Provision of furnishings to the hospital of İstanbul University Cerrahpaşa Faculty of Medicine.

Supplying medical equipment, furniture, and hygiene materials to 13 hospitals in different provinces of Türkiye.

- İstanbul University Cerrahpaşa Medical Faculty Hospital
- Prof. Dr. Cemil Taşçıoğlu City Hospital
- İstanbul Medical Faculty Pediatric Clinic
- İstanbul Medical Faculty Oncology Institute
- Prof. Dr. Süleyman Yalçın City Hospital
- Başakşehir Pine and Sakura City Hospital
- Sarıyer Hamidiye Etfal Training and Research Hospital

- Ümraniye Training and Research Hospital
- Akdeniz University Hospital
- Adana City Training and Research Hospital
- Bülent Ecevit University Hospital
- Afyonkarahisar Health Sciences University Hospital

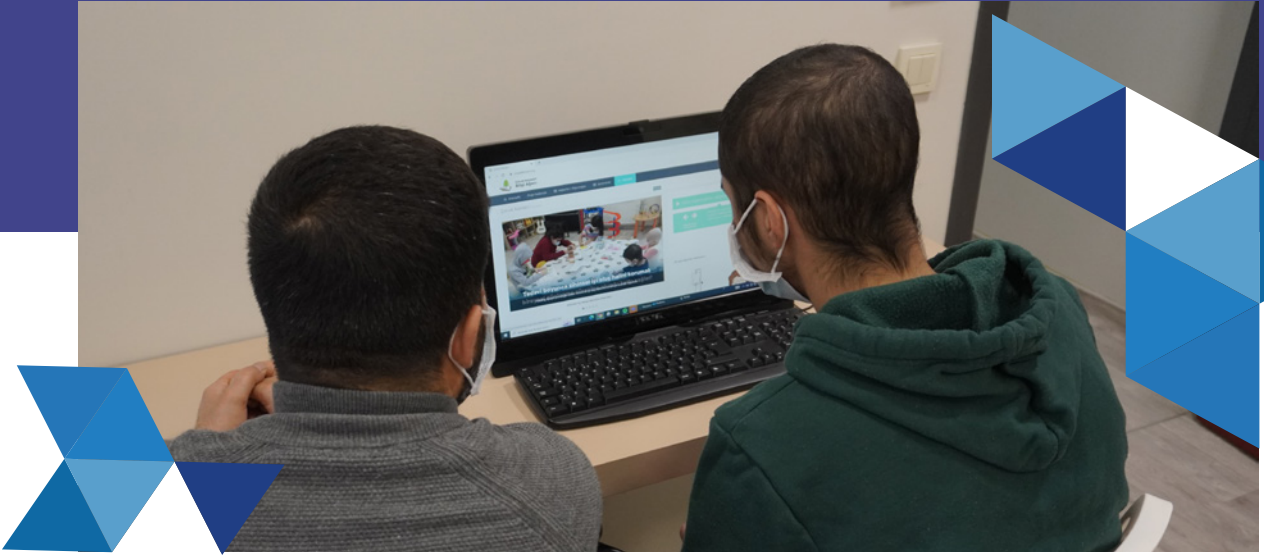

Our Contributions to Events in the Field

- ▼ A presentation on Social Service Practices was made at KAÇUV during the NGO session of the Social Service Summit organized by the Etkin Campus platform.
- ▼ As KAÇUV, we contributed to a survey on Rare Diseases conducted by the Public Health Working Group of the Ankara City Council. The survey, which was created with contributions from Rare Diseases International (RDI), one of the world's largest organizations operating in the field of rare diseases, and Rare Diseases Europe (EURORDIS), garnered information on the experiences of people with rare diseases and their families in receiving a diagnosis. The survey was sent out to the families of former patients in Türkiye who had recovered from their conditions, and received 760 responses, contributing to the first such large study of this disease type.
- ▼ An interview entitled "Social Worker in KAÇUV" was held at the "Social Work in the Field Workshop" organized by the Social Work Federation.
- ▼ Participation was ensured in the "Local Disability Rights Strategy Workshop" organized by the Planning Agency.
- ▼ We attended the 4th International 5th National Oncology Nursing Congress.
- ▼ We made a presentation on "Oncological Social Work in a Non-Governmental Organization" at the Social Work Department of the University of Health Sciences.

AWARENESS RAISING ACTIVITIES ◀

AWARENESS-RAISING ACTIVITIES

The Tree of Knowledge about Childhood Cancer:

The Tree of Knowledge about Childhood Cancer project aims to enhance the knowledge and skills of caregiver parents by providing them with accurate and reliable information about the treatment processes of their child. By equipping parents with this knowledge, we aim to increase their self-confidence, positively contribute to their child's treatment, strengthen the family's adaptation to the treatment process, and prevent potential psycho-social problems that may arise for both the child and parents.

As part of this project, five informative articles were prepared for the www.cocukkanseri.org portal, which serves as a reliable source of information for families of children undergoing treatment.

01 These articles covered a range of topics, including

02 Tips for maintaining mental well-being

03 The effects of war on child psychology

04 Online tools for useful and fun learning

05 Developmental period activity suggestions, and nutrition during the cancer treatment process.

#sarıyifarket

February 15 International Childhood Cancer Awareness Day

To commemorate February 15 as International Childhood Cancer Awareness Day, we conducted various activities to raise public awareness about childhood cancer, emphasize the importance of early diagnosis, and disseminate information on prevention and symptoms to be aware of.

Due to the pandemic, our awareness-raising activities focused heavily on digital platforms and outdoor billboards. We displayed prominent billboards in key locations such as İstanbul Metropolitan Municipality, Şişli Municipality, Kadıköy Municipality, Ataşehir Municipality, Maltepe Municipality, Beylikdüzü Municipality, Modyo TV screens, İETT buses, Zorlu Holding, Zorlu Center, Vestel Stores, and screens at Capacity, Vadi İstanbul, Akbatı, TrumpTowers, Piazza

Maltepe, Maltepepark, İstinyepark Shopping Mall, and Karaköy City Lines. Our corporate supporters and schools helped distribute yellow ribbons and informative brochures within their organizations. On February 15, 110 companies and schools shared posts on social media from their corporate accounts using the hashtag **#sarıyifarket** (notice the yellow) to encourage awareness.

The VakıfBank Sports Club's Women's Volleyball Team showed their support by displaying a banner to raise awareness of childhood cancer during their match on February 15 and inviting our volunteers to attend the event.

We illuminated the 15 July Martyrs Bridge in yellow, and our information on childhood cancers was broadcast on major news networks such as Fox TV, NTV, and Tv 8. Videos featuring KAÇUV board member Prof. Dr. Tiraje Celkan discussing various cancer-related topics were shared on social media, and our efforts received wider coverage thanks to the support of influential individuals following our social media accounts.

You can click the Qr Code and watch our projects here.

We supported our digital campaign **#SarıyıFarket** with posters, videos and billboards in outdoor areas.

To mark February 15 International Childhood Cancer Day, awareness-raising presentations were made to:

My Friend Has Cancer

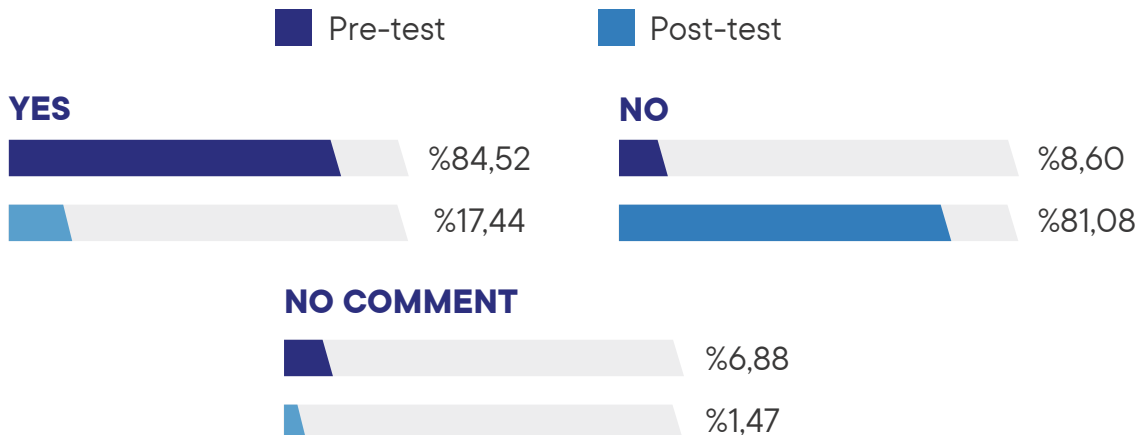

Through the “My Friend Has Cancer: So What Do I Do Now?” project, we continued our efforts to raise awareness among high school students about childhood cancers and cancer in general. The project aimed to convey cancer prevention methods, promote volunteerism awareness, and provide guidance on how to support a friend who has been diagnosed with cancer.

In 2022, we organized awareness presentations for 300 students at Erenköy-FMV Işık High School and Bomonti Era

College. The benefits of these activities, which have been ongoing since 2019, were assessed through a survey completed by the participants.

An analysis of the pre-test and post-test results from the survey revealed that 84.52% of the students initially considered cancer to be a fatal disease. However, this perception decreased by 8.60% after attending the presentations, indicating a positive shift in their understanding of cancer.

Cancer is a deadliest disease

Nehir's Steps

After a pause due to the pandemic, the Nehir's Steps event resumed in its face-to-face format. This event, held every September, aims to commemorate Nehir's name and raise awareness about childhood cancer. The 10th Nehir's Steps Event took place on Sunday, September 25 at İTÜ Ayazağa Campus, where participants took 3,500 steps along a designated route in memory of Nehir. The donations collected during the event will be utilized to create child-friendly areas where children can meet and socialize during their extended hospital stays.

My Hospital Cards

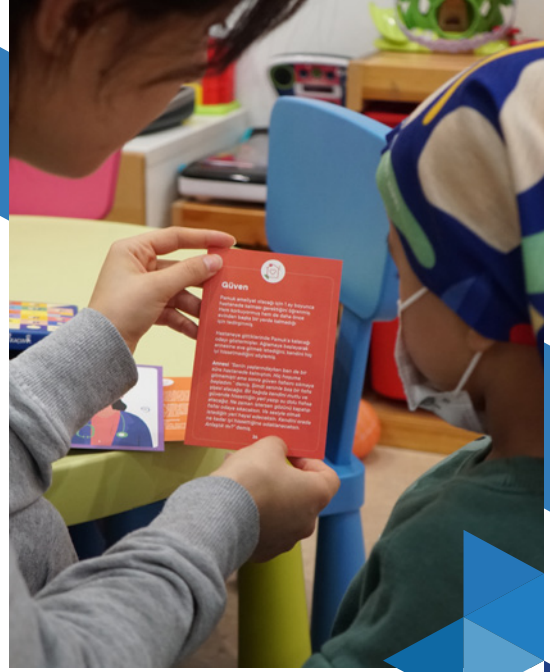

The “My Hospital Cards” program was developed to provide accurate health information to children undergoing treatment in hospitals and their families who care for them.

The objective is to empower parents to follow their child’s disease-related processes and positively contribute to their treatment. Practical instructions for using the cards are provided to parents at KAÇUV Family Houses and by healthcare professionals in hospitals.

During hospital treatment, children and families may encounter new situations, meet new people, and experience intense emotions such as sadness, confusion, and fear, which can make them feel helpless. Parents may struggle to explain the situation to their children, leading to uncertainty and difficulty in the child’s adaptation to treatment. To address these challenges, KAÇUV has prepared the “My Hospital Cards” program, consisting of three main categories with a total of 27 different cards. These categories include Treatment Team Cards, which introduce the hospital’s treatment team to children; Procedure Cards, which detail the procedures the child will undergo and suggest activities before and after the procedure; and Resource Cards, which contain short stories to help the child feel better.

To disseminate these cards, we organized presentations and transfers in hospitals and KAÇUV Family Houses in October, accompanied by expert psychologists who provided guidance and support to families and children undergoing treatment.

Awareness Presentations

Throughout the year, we conducted awareness-raising presentations at 26 educational institutions, targeting students at the university, high school, and middle school levels.

University Clubs To Which We Made Presentations

- ▶ Bahçeşehir University
- ▶ Beykent University
- ▶ Boğaziçi University
- ▶ Bülent Ecevit University
- ▶ Işık University
- ▶ İstanbul Sabahattin Zaim University
- ▶ Marmara University

- ▶ Galatasaray High School
- ▶ Private Bahçeşehir Anatolian High School
- ▶ Ragıp Kutmangil Primary School
- ▶ İstanbul Private Saint Benoit French High School
- ▶ Ziya Gökalp Kindergarten

VOLUNTEER WORK ◀

VOLUNTEER WORK

Our Work with Volunteers

In 2022, the number of active KAÇUV volunteers reached 1,668 across 65 provinces, allowing us to resume face-to-face activities with them. Our dedicated volunteers continued to provide invaluable support in various areas, including the Family Houses, hospital wards, our head office, and resource development and communication efforts.

We are immensely grateful for the 5,550 hours of support received from 2,350 individual volunteers. Their contributions encompassed a wide range of activities, such as translation, promotion, research, reading fairy tales to children, event preparation, organizing children's

activities in the Family Houses and hospitals, assisting with the Sharing Day campaign, participating in the Nehir's Steps event, distributing advertising brochures for February 15 Childhood Cancer Day, providing support at the İstanbul Marathon cheering area, gift wrapping, and assisting at the Hope Café. Through our collaborations with corporate partners, we also engaged with 50 organizations and hundreds of corporate volunteers.

During the Nehir's Steps event, 27 volunteers joined us in the field, along with volunteers from different provinces who played a crucial role in spreading awareness about the event within their circles of influence.

We held the Foundation Introduction Meeting six times, where prospective volunteers were introduced to KAÇUV and 537 volunteers who had already completed their documentation joined the KAÇUV

Volunteer Family.

Despite the challenges posed by the pandemic, we continued to provide support to our volunteers through online open office workshops. Our team of psychologists also offered psychological support to 96 volunteers, recognizing the importance of addressing their well-being during their volunteer work.

After a hiatus caused by the pandemic, we held volunteer training sessions, bringing together KAÇUV volunteers for a "Refresher Meeting" in İstanbul, as well as a two-day "Volunteer Training on Working with Children Undergoing Cancer Treatment" event with 54 KAÇUV Children's Activity Volunteers. Activity volunteers received creativity training from Pley Studio, while Corporate Volunteer Training sessions were organized in collaboration with FIBA Volunteers and the Zorlu Sparks Volunteer Movement.

Motivation

On December 5, World Volunteer Day, we celebrated the contributions of our volunteers by preparing videos highlighting the essence of volunteering and creating a “Logbook” where they could share their memories.

In addition, we delivered gifts to 761 of our 2,000 volunteers, expressing our gratitude and recognition for their unwavering support. Special events such as theater performances, cinema screenings, concerts, and dinners were organized to further appreciate their dedication.

KAÇUV gives Hope!

Hello, my name is Emine. I have been a KAÇUV hospital volunteer for 7 months. The days I've had, as if they gave me strength and not me it was like. I was shocked by their incredible motivation and maturity. There were scenes that I couldn't miss. One of them: those who don't want to go on home leave but want to play with me It was Zeynep. The feeling that I had succeeded at that moment made me proud because even for a moment I knew that I made Zeynep feel healthy in every way, not sick. KAÇUV It gave me hope because I saw their commitment to life despite everything!

Corporate Volunteering

We collaborated with our volunteers for various activities, including events at the Family Houses, birthday celebrations, and packaging and sorting of in-kind support destined for hospitals, gift organizations, and venues. Furthermore, we supported projects initiated by the Foundation in partnership with corporate volunteers.

Corporate Volunteers

- ▶ İstanbul Bosphorus Nova Hotel
- ▶ Pley Studio
- ▶ CADEM
- ▶ FIBA Volunteers
- ▶ İstanbul Private Saint Benoit French High School
- ▶ Yeni Ataköy Leo Club
- ▶ Challenging Sparks Volunteer Movement
- ▶ NOVOTEL İstanbul Bosphorus

- ▶ The Ritz-Carlton

FUNDRAISING ACTIVITIES ◀

FUNDRAISING ACTIVITIES

We are grateful to thousands of donors who provided regular or one-off, individual or corporate, cash or in-kind donations, enabling us to continue our support activities for children and their families receiving treatment in our Family Houses, hospital wards, and throughout Türkiye. These donations not only help us provide crucial support to those in need but also contribute to the resources needed for our childhood cancer awareness-raising activities.

Corporate Social Responsibility and Corporate Donations 2022

- ▶ As part of its corporate social responsibility activities, CoinEx made a donation for the education of 50 secondary school and two university scholarship students identified through the Education is my Hope Scholarship Program.
- ▶ Dia Software made donations to the Umudum Education Scholarship program within the scope of an NFT project prepared to mark May 19 Commemoration of Atatürk, Youth and Sports Day.
- ▶ Sevinç College Etiler Campus provided support with donations gathered during the year-end concert event held in May.
- ▶ İstanbul Metropolitan Municipality Mayor Ekrem İmamoğlu became the supporter as spiritual family of one room in the Family Houses for 1 year.
- ▶ Galata Taşımacılık and Technogym supported 150 students within the scope of the My Hope Education Scholarship Program.
- ▶ MetLife Insurance made a donation to our Family Houses as part of the corporate social responsibility work they carried out in 2022.
- ▶ DHL employees provided room adoption support for the Family Houses as part of their social responsibility activities in the Finance Week event organized by the company.

- ▶ Erkunt Tractor donated the proceeds of a tractor auctioned off at the fair as a donation.
 - ▶ Diversey provided hygiene products to Family Houses to mark April 23 National Sovereignty and Children's Day.
 - ▶ Defacto provided support within the scope of their Dreams Made of Fabric Project.
 - ▶ Martaş Automotive made a donation within the scope of their corporate social responsibility activities providing for the food needs of the Cerrahpaşa 1st Family House.
- As part of the İGA Artwist 2021 Project, Prof. Rahmi Atalay's Eagle sculpture made from waste wood was offered for sale for the benefit of KAÇUV in an online auction organized by Artam A.Ş. The auction was concluded on January 16, and the needs of the children in the
- ▶ Family Houses were met through the support provided for the benefit of KAÇUV.
- As part of their corporate social responsibility efforts, Mastercard and Eurowag employees donated from their global funds to support the Foundation's work.
- ▶ In cooperation with MNG Cargo, 100,000 stickers were distributed to be placed on cargo leaving İstanbul.
 - ▶ In cooperation with CK Boğaziçi Elektrik, CK Akdeniz Elektrik and CK Çamlıbel Elektrik, KAÇUV's QR code and messages were given a special place on their electricity bills, ensuring the visibility of approximately 7 million users.

Fundraising Events

- ▶ The Nehir's Steps event in September took place face-to-face for the first time in two years. The annual event both raises funds for projects that keep Nehir's name alive, and continues to raise awareness of childhood cancer. The donations will support the creation of a children's playroom in hospital wards.
- ▶ On this special day, which took place on November 29, KAÇUV launched a project to renew the playrooms of hospitals where children stay during their cancer treatment. The Day of Sharing event attracted the attention of 121 donors through the work of our individual and corporate volunteers. The donations will be spent on renewing the materials of two playrooms.
- ▶ We participated in a meeting prior to the GivingTuesday organized by TUSEV as an invited participant, during which we shared examples of our work and answered the questions of the participants

Charity Sporting Activities

Through various charity sporting events carried out by our Hope Ambassadors(Umut Elçileri), we collected donations to support the psychosocial needs of our children in 2022 with Hopeful Box, while reaching thousands of people and raising awareness about childhood cancers. With the support of 1,250 Hope Ambassadors, we participated in such activities as the İstanbul Marathon, the Eker Run and the İstanbul Half Marathon, as well as various sports activities such as the Bosphorus Swimming Race. Throughout the year, a total of 63 corporate teams and institutions took steps for good.

Eker I Run

We achieved great success at the Eker I Run event, in which we were participating for the first time, and at the 9th Eker I Run, we reached 309 Hopeful Box with 349 supporters with 41 Hope Ambassadors in the first year.

Organizations and teams running in Eker I Run

- Taşdelen Group
- Cadem
- İş Bank of Türkiye

İstanbul Half Marathon

In the 16th İstanbul Half Marathon, 254 Hope Ambassadors reached 2,965 supporters and 902 Hopeful Box were supported.

BUSINESS ACTIVITIES

Hope Store

In 2022, the work of KAÇUV's was supported by each product purchased from the Hope Store, from which dozens of different products can be purchased, from wedding and newborn baby gifts to stationery, clothing and environmentally friendly products. In addition to kacuvumutdukkani.org, our products are offered for sale through the platforms of Trendyol, Hepsiburada.com, GittiGidiyor and ÇiçekSepeti and through our Instagram and Facebook stores.

Happy Day Choices became KAÇUV Hope Store!...

The Hope Store product line now features 187 different types of products, including the 76 Happy Day products we send out to 81 provinces in Türkiye.

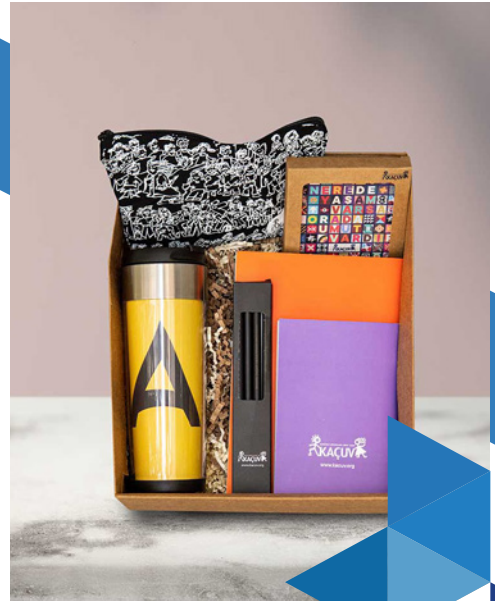

With hundreds of thousands of magnets and thousands of invitation orders, those who preferred our happy day products turned their most special days into hope for children.

You can click the Qr Code and look our products.

Corporate Products and Stand Collaborations

We participated with a stand at 57 different events, such as those conducted in universities, schools, business centers and factories. At the stands, which were opened with the support of volunteers, we continued our activities throughout the year with sales of Hope Store products as well as the dissemination of promotional brochures of the Foundation. In 2022, many organizations preferred our products as gifts for their employees and stakeholders on special occasions.

KAÇUV Hope Cafe

Umut Café, which was established to support families who encounter difficulties in finding permanent or temporary employment in İstanbul that can aid them in meeting the treatment costs and supporting family members who are still at home, continued to serve as a mobile eatery. Umut Café served 8,115 food items and 9,858 drinks during its visits to 88 different locations. Umut Café also participated in three different long-term events.

COMMUNICATION ACTIVITIES ◀

Communication Activities

We took advantage of visibility opportunities in many different media settings throughout the year with our Family Houses, projects and during the activities we implement in hospitals, in our collaborations with our corporate supporters, and at fundraising and awareness-raising events through sports activities. We transferred our visual memory to digital channels through video shoots planned in all these areas.

- ▼ Throughout the year, we shared news of the Foundation with over 80,000 people under a “News from KAÇUV” banner every month.
- ▼ In İstanbul, our campaigns remained visible with the regular support of Kadıköy Municipality, Şişli Municipality and İstanbul Metropolitan Municipality. We took advantage of outdoor marketing channels with videos on shopping mall screens and on screens in different parts of the city, contributing to reaching even more people with our awareness-raising campaigns.

We garnered 3,427 mentions in online media, 257 in printed media and 19 in visual media, reaching a total of 19,464,110 people with our news. In 2022, the advertising equivalent value of the news pertaining to us reached 2,419,123 TL.

CORPORATE DEVELOPMENTS ◀

Corporate Developments

We have supported the development of both civil society and our Foundation through our works to reach out to people with many activities.

- ▼ Participation was ensured in the “Webinar on the Law on the Protection of Personal Data” organized by STGM and the 2-day CRM and HRM seminars organized by TEGV within the scope of the Strong Networks with Stakeholders project.
- ▼ We participated in the Volunteering Summit – the closing event of the Empowerment of Local NGOs in Volunteer Management Project (GÖNYE), organized in partnership with the Tohum Autism Foundation and Maya Foundation.
- ▼ For the provision of psycho-training to health personnel, we hosted a four-session training program covering such issues as pediatric psycho-oncology, communication with children and families with cancer, palliative care, death, perception of the illness among children and their families and burnout in health professionals with two different groups for health personnel of Akdeniz University Hospital Pediatric Hematology-Oncology Unit.
- ▼ We provided training in two sessions on “Death and Grief” with two different groups from among the health personnel of İstanbul University Cerrahpaşa Faculty of Medicine Pediatric Hematology-Oncology Unit.
- ▼ We continued to be a stakeholder in the First Chance NGO, which aims to provide equal opportunities to young graduates of public universities in their transition to employment.
